President's Message

A year has gone by, and once again I have this opportunity to communicate with the members, both old and new. I am pleased to report that your President, the Office Bearers, and the Managing Committee have been working hard through the year, so that this 220-year-old Society can continue to prosper. How many institutions in this city can claim to have survived for such a length of time? And we should consider ourselves fortunate to be at the helm of affairs to make this a memorable year. But we cannot do this alone; so here and now I throw the gauntlet to all of you to come forward with ideas so that this becomes truly a year to remember. It is only if we work together and stand firm that goals can be reached. A quote from Mr. David Anthony Fernandes, who has played a significant role in the Dahi Handi festival, will reinforce this. "Only when everyone is aligned on the same energy level and there is mutual trust can we succeed in forming the pyramid. Even if one person is negative, the pyramid collapses."

Needless to say, great ideas need great financial backing; and this could become a stumbling block. Because, as you may well know, we continue to face a financial crunch. I appeal to all of you to come forward in enabling us to raise funds for this endeavour. Expenses keep mounting, and monetary returns cannot keep pace with these increases. We need to reach out to philanthropists, organisations, and the public at large who care for books, research, libraries, all to be found in a culture-specific organisation like ours.

We are indeed grateful to the Ministry of Culture, Government of India, who have continued to give us an annual grant. Unfortunately, the grant has not been increased for several years, and it has been our constant endeavour to raise this issue with the Ministry.

We are also grateful to the Government of Maharashtra for sanctioning an annual recurring grant of rupees one Crore, which has enabled us to purchase a substantial number of excellent books which have enhanced our already rich collection. We hope that this amount will be released soon.

We have also been interacting ceaselessly with the Municipal Corporation who have been generous in giving their support towards our activities and maintenance.

And now a sad note. The Society suffered a tragic loss when the Chairman of our Board of Trustees, Mr Eknath Kshirsagar, passed away after several months of ill health. He had been a member of the Asiatic Society for many years, and had guided the Society through years of both celebration and tribulation. As a Trustee he provided sound advice on matters of finance and other important issues, while his firm and no-nonsense approach kept us on our toes. The Asiatic Society will miss his clarity of thought and integrity of purpose.

The pages that follow will update you with more details of the year covered in this report.

THE ASIATIC SOCIETY OF MUMBAI

ANNUAL REPORT FOR THE YEAR 2023-2024

1. HIGHLIGHTS OF THE YEAR

The efforts made by the Society as noted in the report of 2022-23 bore fruit. A Government of Maharashtra Resolution (GR) dated 8th March 2023 was received stating that Rs.1 Crore Recurring Grant was sanctioned to the Asiatic Society of Mumbai, to be utilized under stipulated heads. While this was welcome news, it was disappointing that the grant is a non-salaried grant and cannot not be utilized for the salary of our staff. Unfortunately, the amount was received in our account as late as 9th January 2024.

It should be noted that 2023-2024 marks the beginning of the 220 years celebrations of the ASM.

~~A Pictorial History of the Asiatic Society of Mumbai is planned and Ms. Shabnam Minwalla has been commissioned to write the book which will be a MARG Publication.~~

Three talks organized by the Mumbai Research Centre were held in the Durbar Hall as part of the 220 years celebrations, as they celebrated the lives of 3 eminent members of the Society - Bhau Daji Lad, Bhagwanlal Indraj, and Alexander Burnes:

1. Prof. Dr. Rupali Mokashi delivered a talk on "Bhagwanlal Indraj: Doyen of Indian Epigraphy" on 18th December 2023. The talk was chaired by Prof. Suraj Pandit. This talk was in collaboration with the Directorate of Archaeology and Museums (Government of Maharashtra)
2. Dr Arvind Jamkhedkar delivered a talk on Bhau Daji Lad titled "A Multifaceted Personality: A Surgeon and an Indologist" on 8th January 2024. The talk was chaired by Dr. Pheroza Godrej. This talk was held in collaboration with the Directorate of Archaeology and Museums (Government of Maharashtra)
3. Prof. Mariam Dossal delivered a talk on "Navigating Rivers, Bridging Cultures: The Extraordinary Life of Sir Alexander Burnes (1805-1841)" on 8th February 2024. The talk was chaired by Dr. Manjiri Kamat.

A three-day non-cooperation agitation was held by the employees of the Society from 3rd to 5th July 2023. It should be noted that, despite the financial constraints faced by the Society, the monthly salaries of the staff are being paid along with the enhanced D.A.

SOCIETY'S FOUNDATION DAY

The 219th Foundation Day was held on 25th November 2023 in the Durbar Hall of the Society. The Chief Guest, H.E. Shri Ramesh Bais, Hon'ble Governor of Maharashtra, and Chief Patron of the Asiatic Society of Mumbai, conferred the Society's Honorary Fellowships on five Renowned Scholars. Mr. Sabyasachi Mukherjee, Director General, CSMVS, delivered the Keynote address.

The details of Honorary Fellows and Medal Winners are given below:

2. Prof. Anura Kumara Manatunga
3. Prof. Upinder Singh (Awarded in absentia)
4. Mr. Zubin Mehta (Awarded in absentia)
5. Prof. Nabuyoshi Yamabe (Awarded in absentia)

Thereafter, the three prestigious medals of the Society were awarded to the following eminent scholars:

The programme was well attended.

Positive response received from the Government of Maharashtra:

During the year, the Asiatic Society, submitted five projects to the Government of Maharashtra, involving a total outlay of around Rs. 17 crores. The five projects are (1) Infrastructure & I.T: Maintenance and Development; (2) Restoration of Maps; (3) Cataloguing & Conservation of Coins; (4) Restoration of Manuscripts; and (5) Restoration of Rare Books. These proposals have, in February 2024, received an encouraging response from the Government. The Managing Committee is in the process of taking matters forward with discussions with the Principal Secretary, Culture Department, as also with other departments.

2. ACTIVITIES OF THE SOCIETY

- It is heartening that several schools and colleges are arranging visits for their students to visit the Society's premises to view the library and understand the conservation process.
- A special meeting of the Managing Committee was held on 19th April 2023 to discuss the HR policy. The HR expert, Mr. Patwardhan was invited to give his advice. He made many useful suggestions, which are under due consideration of the Managing Committee.
- Dr. Shehernaz Nalwalla, Vice President, was deputed to attend a brain-storming session on "Art Conservation" held on 28th February 2024 at the Chhatrapati Shivaji Maharaj Vastu Sangrahalaya (CSMVS, Mumbai)
- Dr. Shehernaz Nalwalla, Vice President of the Society, was nominated to attend the meeting of the National Selection Committee (NSC) of the Tagore National Fellowship for Cultural Research (TNFCR) held on 11th March 2024 in the Seminar Room of the Prime Minister's Museum and Library, New Delhi, Chaired by the Secretary, Ministry of Culture, Government of India. Thereafter, Dr. Nalwalla spoke to the Secretary, Ministry of Culture, and others in the Ministry, to press for pending demands for financial assistance and to enhance the Annual Grant of the Asiatic Society of Mumbai.
- In May 2023 Prof. Miles Taylor of Großbritannien-Zentrum Centre for British Studies wrote to the Asiatic Society inviting it to join a project titled "Learned Societies in Colonial India". As part of the

project, the organisers had initiated a three-day International Conference on the topic “*In the Cause of Literature and Science: Learned Societies of Modern India*” from 03 to 05 November 2023 at the IAS Campus, Shimla. The Society nominated Prof. Usha R Vijailakshmi to represent the Asiatic Society of Mumbai at the Shimla Conference. She presented a research paper titled “Legacy of the Asiatic Society: Its Relevance as a Preeminent learned Institution of Mumbai”, in which she traced the history of the Society and its holdings since its inception. The paper evinced much interest, and the conference organisers have decided to include the paper in the published research volume they intend to bring out.

- Mrs. Kalindi and Mr. Jagdish Matani have donated a valuable book “Golden Book of Tagore” published in 1931 to commemorate Gurudev’s Seventieth birthday. The book is priceless as Tagore’s handwritten letter dated 29th December 1931 is also attached as a forerunner to this collection.
- The Mumbai Port Authorities celebrated their 150th anniversary by holding their Special Board Meeting on 26th June 2023 in the Durbar Hall of the Society, to repeat what had been done 150 years ago. On this occasion, the Mumbai Port Authority gave a general donation of Rs.10 Lakh to the Asiatic Society of Mumbai. The Society is thankful to the Chairman, Shri Rajiv Jalota (IAS) for this generous donation given at a time when the Society is facing financial difficulties.

Additionally, this year’s International Museum Day (IMD) theme according to the International Council of Museums (ICOM) was “Museums, Sustainability and Wellbeing” and this initiative was designed to Institute a holistic conservation around museums. Mr. Sunil Bhirud, Lab Supervisor, was invited by the Joint Secretary, Ministry of Culture, to participate in the International Museum Expo – 2023 in Delhi and he conducted a session on “Preventive Conservation of Rare Books” on 20th May 2023.
- The President, Prof. Vispi Balaporia, and Dr. Shehernaz Nalwalla, Vice President, were invited for a one-day blended National Conference on “New Perspective of the History of India: Socio-Cultural, Geo Political & Economic Aspects on 13th October 2023 at the B.K. His focus was on the conservation efforts at the Asiatic Society of Mumbai.

- Two lectures on "Thinking Civilisation" by Dr. Ganesh Devy, Honorary Fellow of the Society, were held on 5th and 6th September 2023 in the Durbar Hall of the Society. The lectures were held to revisit the idea of civilisation as it emerged when the Asiatic Societies were founded, and presented new perspectives available to us towards re-conceptualising the idea of civilization.

'MAPPED! – SURVEYS THAT LEFT BEHIND A LEGACY', an Exhibition Showcasing a Selection of Rare Maps Curated from the Special Collections at the Asiatic Society of Mumbai

'Mapped! - Surveys that left behind a legacy' was the second exhibition of rare maps organized by the Rotary Club of Bombay and the Asiatic Society of Mumbai from 7th May to 4th June, 2023. The exhibition received a generous support of the Tata Group. Heritage Management Agency, Past Perfect, was appointed to research and curate the exhibition.

The maps chosen for display served as a testament to a revolution in 19th century India which saw one of the most advanced mapping exercises ever to take place in the history of the world – the Great Trigonometrical Survey of India. The selection process was defined by two priorities – one was the need to succinctly communicate the method, story and scale of the GTS. The second was the inclusion of maps belonging to the Second Revenue Survey of Bombay, which was an extension of the GTS – which was imagined to serve as an anchor for locals to reorient themselves after processing the overwhelming created scale and complexity of the GTS.

List of Maps displayed:

- Rennell's Map of Hindoostan (1788) - the first-ever accurate map of India to be made
- Two Marine Surveys that illustrate the strategic harbours developed by the British to secure transportation, trade, defence, and entry into the subcontinent: Bay of Bengal (Marine Survey, 1878) & Gulf of Kutch (Marine Survey, 1821)
- Maps published as a result of the Great Trigonometrical Survey of India:
 - Mysore (GTS, 1828)
 - Cape Comorin (GTS, 1829)
 - Preliminary Chart of Triangulation in the Northern Portions of the Bombay Presidency (1852-55, 1859-61, 1863-64)
 - Dominions of Nepal (GTS, 1857)
 - Meghalaya, showing a passage regularly used by Lamas to reach Lhasa (GTS, 1830)
 - UP & Bihar (1857)
 - West Coast of India (GTS, 1857)
- Maps of Bombay
 - Bombay Mercator (Marine Survey, 1852)
 - Chowpaty & Girgaum (Bombay Revenue Survey, 1869-70)
 - Girgaum (Bombay Revenue Survey, 1869-70)
 - Tardeo (Bombay Revenue Survey, 1869-70)
 - Tardeo (Bombay Revenue Survey, 1869-70)
 - Cammattee Poora & Byculla (Bombay Revenue Survey, 1868-69)
 - Cammattee Poora (Bombay Revenue Survey, 1868-69)
 - Tarwaree (Bombay Revenue Survey, 1868-69)
 - Tarwaree (Bombay Revenue Survey, 1868-69)
 - Khara Tullao & Omerkharee (Bombay Revenue Survey, 1869-70)

- Mazagon (Bombay Revenue Survey, 1869-70)

Additional Elements that enhanced the exhibition:

- **A Restored Portrait of Alexander Burnes**
- **A Photo Carousel** with Prints of 20 Archival Photographs and Objects that gave visitors a visual peek into the Great Trigonometrical Survey of India
- **Anecdote Cards**, placed in small, black acrylic boxes mounted on the sides of the map stands. These cards carried anecdotes and quotes from primary accounts that the curators came across during their research. Through this, the exhibition achieved its objective of foregrounding the lived experiences of surveyors and natives throughout the mammoth mapping exercise.
- **A Digital Stopover:** An interactive, 65-inch digital screen most definitely enhanced visitor accessibility to maps that were otherwise not displayed at the exhibition and provided visitors of all ages with an elevated experience via this medium. Additionally, it also allowed the audience to engage deeply with the digital versions of the maps on display.
- **Reading Corner:** A reading corner stationed in the centre of the exhibition hall, envisioned to be a space for visitors to unwind, reflect and learn more about the subject, before, during or after going through the display of maps. The collection, borrowed from the Asiatic Library for the duration of the exhibition, consisted of 22 books predominantly written in English which were related to mapping, the GTS and the city of Mumbai and were available for all visitors to browse through.
- **Selection of 7 Rare Books from the collection of the Asiatic Library:** Alexander Burnes' *Travels into Bokhara, Vol. I* was displayed beside his restored portrait, while James Rennell's *Memoir of a Map of Hindoostan* accompanied his 1788 *Map of Hindoostan or the Mogul Empire*, offering insights into the map's creation. Additionally, five books related to the Great Trigonometrical Survey (GTS), showcasing formulae, calculations, trig station records, and surveyor notes, were displayed in acrylic cases. These provided a glimpse into the meticulous work behind the detailed maps produced during the GTS.
- **Model of "The Great Theodolite" and a Mini Theodolite:** A replica of the theodolite used by William Lambton and a mini theodolite dating back to the period of the British East India Company were loaned by the Department of Geology at St. Xavier's College, Mumbai for the duration of the exhibition. These instruments were placed on the table with the rare books and were highly appreciated by visitors as they provided a tangible reference to the GTS.
- **A Short, 2.5. minute video of the Great Trigonometrical Survey**, meant to be an introductory audio-visual experience for all visitors in the exhibition hall, was played on loop throughout the exhibition.
- **Souvenirs:** A variety of souvenirs, including map postcards, mugs, etched glasses, diaries, tote bags, jigsaw puzzles, and prints of old Bombay maps were available for purchase. These items sold out quickly due to the high demand and quality. A small red letterbox allowed guests to write and send postcards to loved ones, with weekly collections sent to the GPO for mailing.

THE FESTIVAL OF LIBRARIES, PRAGATI MAIDAN, NEW DELHI

Impressed by the 'Mapped!' exhibition at The Asiatic Society of Mumbai in May 2023, Joint Secretary, Ministry of Culture, India, requested its inclusion in the Festival of Libraries, 2023. Recognizing its historical and cultural significance, her goal was to make the Society's exceptional collection of maps accessible to a broader public.

The 'Festival of Libraries 2023' was a two-day event held on the 5th and 6th of August 2023. The festival highlighted iconic libraries from India and across the world to initiate a conversation on globally renowned best practices in libraries and the modernization and digitization of libraries in India. The pavilion allotted to The Asiatic Society of Mumbai was one of 10 captivating exhibitions showcasing the evolution of cartography, private and public archives, calligraphy, and cursive writing styles in 22 vernacular languages from across India as well as tribal fonts through theme-based exhibitions.

The event was inaugurated and visited by esteemed dignitaries ranging from the President of India to various ministers from the Ministry of Culture and witnessed a large turnout of scholars, writers, librarians, private collectors, map enthusiasts, students, and the public.

The 'Mapped!' pavilion exhibited a curated selection of 10 maps, ranging from the early cartographic endeavours of European explorers, notably Italian, Dutch, and German in the 18th century, to the colonial-era maps produced by The Great Trigonometrical Survey of India in the 19th century. The arrangement of these maps followed a chronological sequence and the display was a fusion of two previous rare map exhibitions, held at The Asiatic Society of Mumbai in April 2022 and May 2023, with a few new additions that would make the display relatable for audiences in Delhi.

In addition to offering high-resolution reprints of the above-mentioned maps and carefully curated labels, the exhibition introduced a people-centred touch through anecdote cards, a captivating carousel of photo prints from The Great Trigonometrical Survey of India, and reprints of two rare volumes from The Asiatic Society of Mumbai's collection tied to the history of the GTS. The inclusion of an interactive digital screen, showcasing maps charting the Pundits' explorations, and a looping video narrating the exhibition's storyline, added a multimedia layer to the visitor experience.

The Delhi edition of 'Mapped!' also received overwhelming praise from general visitors, and scholars alike. As one of the only exhibitions that stood out in its design and storyline, 'Mapped!' was lauded as a unique and well-curated initiative that enriched public understanding of how cartographic knowledge of India evolved over time. Many enquired about the collections at the Asiatic Society of Mumbai and enthusiastically picked up brochures that gave them details about ASM, its collections and details about Granth Sanjeevani. Guests of honour, members of the Ministry of Culture and other exhibitors also greatly appreciated the display and admired the gems that were part of the Asiatic Society's collection.

Textile Manufacturers of India:

An exhibition on "The Textile Manufacturers of India" curated by Savitha Suri, Life Member of the Society, was held from 5th - 8th July 2023 in the Durbar Hall of the Society.

The Textile Manufactures of India by John Forbes Watson is a landmark piece of literature and textile history that changed the course of India's handcrafted textiles.

Compiled in 20 sets of 18 volumes each, the work contains an exhaustive collection of Indian handcrafted textiles that were traded and/or produced for domestic consumption.

ASM is in possession of all 18 volumes (across the 2 editions) as part of the Rare Archives and these were brought out for display in July 2023 for the first time ever.

The display had two objectives:

1. To put the spotlight on ASM's collection; the preservation and conservation of rare books and the 'Adopt a book' program
2. To shed light on the historical narrative that led to the decline of the Indian handloom sector.

The event included a curated display of the volumes and guided walk throughs. Vintage and contemporary textiles were on display to help visitors compare and understand the extent of loss of textile skill & heritage.

The event also focused on the need for updated, comprehensive research and documentation on India's textiles as well as enabling a better appreciation of its textile heritage among laypersons. The event had a very heavy footfall with visitors from different parts of the country that included textile experts, practitioners, artisans, researchers, academia, media and laypersons.

Some of the notable visitors included Shilpa Shah (TAPI), IMC-Ladies' Wing, Pradeep & Mala Sinha (Bodhi), Manish Saxena (Lead Advisor- Aadyam Handwoven by Aditya Birla), Curators from CSMVS and Sarmaya, members of the Crafts Council of Gujarat, Tinaz Nooshian (Chief Editor, Mid-day), Namrata Zakaria (Freelance Fashion Journalist) and educational institutions like NIFT, Whistling Woods, Wilson College and Xavier's College.

Peepul Tree did a short video on the event (available on their YouTube channel) and the collection, and it also received print media coverage in leading national dailies. The event led to other curations

of the volumes for prestigious organisations like Sutr Santati, Selvdege (UK) and Tvam Foundation - all of whom are at the forefront of textile advocacy, research and documentation.

The curations have helped monetise - in a careful & responsible manner- the compendium and have increased awareness among researchers on resources that were not available until now. It has helped add new information that furthers research into certain textiles while opening new avenues in others. The event helped highlight the role of institutions like ASM in conserving knowledge and preserving rare & precious literary resources.

ARCHITECTS AND FIRMS THAT BUILT MODERN BOMBAY:

The “Architects and Firms That Built Modern Bombay” was a collaborative exhibition between Art Deco Trust, Mumbai, and the Mumbai Research Centre. The exhibition was supported by the Rotary Club of Bombay and was held in the Durbar Hall of the Society from 2nd March to 10 March 2024.

The exhibition honoured the architects and firms who built Bombay through the 1930s-50s, with a progressive vision for a modern way of life. Several of them were first generation of Indian architects, graduating from homegrown schools like Sir J. J. School of Art. Much of the built form of the city they designed and envisioned still stands tall, and have provided Mumbaikars with a quality of life they have enjoyed for decades. Yet, they have never been identified or acknowledged for their singular contribution in shaping modern Bombay. This exhibition is a tribute to them. The exhibition provided an opportunity to see the material contributed by family members of these architects, such as plaques, rare original drawings, photographs and personal memorabilia hitherto unseen. Books relevant to the subject from the ASM collection were on display.

This is a universal banner of the Asiatic Society of Mumbai and can be used as and when required.

Path for the future:

This was our first year of participation and we faced many hurdles. We carry many learnings for the next year. We hope that we can capitalise on all the routes for fundraising to raise a big corpus and large numbers in terms of 'on ground participants,' in various categories.

PIGMENT ANALYSIS OF MANUSCRIPTS

A project titled *Mapping Color in History (MCH)* for pigmentation was undertaken. The pigment analysis of five manuscripts in possession of the Asiatic Society of Mumbai was carried out under the aegis of the Lakshmi Mittal and Family South Asia Institute, Harvard, by Ms. Anjali Jain, MCH India Coordinator and Conservationist.

The five manuscripts analyzed were: *Aranyakaparvan*, *Prajnaparamita*, *Kalpasutra 63-4*, *Kalpasutra 205-1*, *Gandavyuha*, *Karandavyuha*.

The analysis was carried out on the premises of the Asiatic Society of Mumbai using the MCH mobile heritage lab equipment which was temporarily housed at the CSMVS and loaned to the Society.

An additional manuscript of the *Shahnama* was also analyzed at the Society's request.

A detailed report was submitted and corrective and conservation measures were suggested. The five manuscripts were further rehoused in acid free boxes made on the premises and Sameer Salvi, binder, was trained to carry out the housing of more manuscripts as and when required.

The Society was presented with a set of digital imaging data that was procured in the process of documenting the manuscripts.

Jinnah Kim, the Director and Principal Investigator, visited the ASM on 7th March 2024 and presented the Society with a copy of her book *Garland of Visions: Color, Tantra and a Material History of Indian Painting*

COLLABORATIVE TALKS:

The following two collaborative programmes were held with the Istituto Italiano di Cultura di Mumbai in the Durbar Hall of the Society:

- i. A collaborative talk was organised by the Asiatic Society of Mumbai and the Istituto Italiano di Cultura di Mumbai on "Buddhist Art in Maharashtra and its maritime connections" by Dr. Pia Brancaccio. The talk was held on 2nd September 2023. The talk chaired by Prof. Suraj Pandit was well attended.
- ii. The Asiatic Society of Mumbai and the Istituto Italiano di Cultura di Mumbai held a collaborative book presentation and lecture titled "Tibet and the Indian Subcontinent in the Eyes of a 20th-century Italian Scholar" by Prof. Giacolella Orofino, University of Naples "L'Orientale" on 22nd February 2024 in the Durbar Hall of the Society. On this occasion, a book "Giuseppe Tucci: A biography" by Alice Crisanti, was presented.

Mahanagar Gas Limited (MGL) project:

This was the first CSR Project offered to the Society. Although the period of negotiations covered several months and the Trustees had been informed, the Managing Committee had not been taken on board. Eventually, an MOU was signed to refurbish the main Library Hall and to convert the Research Room into a meeting hall at a cost of Rs.1.6 crore. This, too, had not been approved by the Managing Committee. A restoration project prepared earlier by Ms. Sheetal Gandhi (Conservation Architect) had been used for the MOU.

The architect had drawn it up earlier for the ASM for attracting potential donors. However, the proposed shifting of thousands of books received adverse media coverage at a time when a new Managing Committee had just been elected. The Hon. Secretary had also recorded her opposition to the shifting of books. The Managing Committee then requested one of its members to devise proper protocols for the shift, storage and safe return of the books. His initial enquiries showed major flaws:

- (a) the said project worth Rs. 1.6 Crores was a cosmetic project, wrongly labelled as renovation and restoration project;
- (b) a project of Rs 1.6 Crores had been awarded to a single vendor without any attempts made at getting competing bids or alternative proposals;
- (c) the project details had not been approved by the Managing Committee;
- (d) also, the CSR project did not seem to match ASM's far more pressing and critically important demands for renovation and restoration.

When the above facts, and many more details, were presented before the Managing Committee; the Managing Committee put immediate brakes on the project and immediately constituted a larger Kick-Start Committee. It was tasked with –

- (a) keeping MGL abreast of these findings, and
- (b) exploring whether in the short time available before year-end any alternate viable proposal, approved after due process, would be acceptable to MGL.

On explaining facts to MGL, MGL officials expressed their gratitude to the Kick-Start Committee for having saved both institutions from a potentially deleterious situation. However, since the revised project needed fresh approvals, MGL officials advised that it would be better to make fresh bids in the new financial year.

We would like to place on record our appreciation of the Public Works Department (PWD) Officials who have helped us throughout the year. The Officials of the PWD have given us their full support for the repairs and maintenance of the Society. The PWD has helped us to organise the function held to celebrate our Foundation Day on 25th November 2023, when the Chief Guest, His Excellency, Shri Ramesh Bais, Chief Patron of the Society and Hon'ble Governor of Maharashtra was present.

- c) a continuing series of lectures in nearly a dozen colleges in Mumbai and the larger Mumbai Metropolitan Region on history, environment, food have been held to engage the younger generation.

The Tikekar Fellowship for 2023-24 was awarded, with Rs.1.25 lakhs each, by consensus of the sub-committee, to two researchers Mr Pankaj Bhosale and Dr Himanshu Smart, to explore issues related to language and literature in the Marathi literary and theatre world. Mr. Smart submitted his dissertation titled "Metropolitan, half-metropolitan and new metropolitan sensibilities reflected in Marathi dramas of the last three decades". Mr. Bhosale has sought an extension till August 2024 for submission of his work due to his illness; the committee granted him the extension after due deliberations and after seeking a joint review with his mentor and a jury member.

The annual function of the Tikekar Centre was held in the Durbar Hall on 1 February 2024. Reputed writer, translator, chronicler of theatre and an engaged observer of the arts and culture, Ms. Shanta Gokhale, was the chief guest. She spoke on "The Great Language Divide" across the demographics and politics of language in plays and literature in Mumbai. Its success and appreciation were reflected in the numerous questions asked by the audience.

On the day, as has become the tradition now, the current Fellow Dr. Himanshu Smart presented a synopsis of his completed Fellowship work and Mr. Aslam Saiyad was announced as the selected

candidate to pursue the Tikekar Fellowship for 2024-25. He presented the plan for carrying out the work for his subject titled “Cultural & Religious Festivals of Adivasis of Palghar District through sociological and economic lenses”.

The Centre launched the new Tikekar Memorial Lecture series in 2023-24 to deliberate about Mumbai and its future. The second in this series was held on December 1, 2023, at the Durbar Hall and was delivered by the noted Economist, and the Vice Chancellor of The Gokhale Institute of Politics & Economics, Dr. Ajit Ranade, who spoke on the topic “Who moved Mumbai’s Economy? Its dynamic evolution and prospects.” Prof Abhay Pethe, Advisor to The Gokhale Institute of Politics & Economics, responded to the lecture.

The purpose of this series is to bring ideas from professionals and others in housing, transport, economy, ecology, employment-jobs, culture and more to the table and have other eminent people in the field respond to those ideas, all of which we hope to bring together in a volume that will provide a way forward for the city/region from the crossroads it is at.

The college lecture series held in colleges across Mumbai and Mumbai Metropolitan Region continued this year too. This year’s series continued with the same subject as the last year, titled “The Logy of Mumbai” which took the young audiences across history, archaeology, biology, culinary arts and more, developed and ably delivered by Dr Kurush Dalal. All the lectures were well received. The four colleges covered were Sophia College (Bhulabhai Desai Road), Wilson College (Chowpatty), Patkar College (Goregaon) and Birla College (Kalyan).

Dr Aron Tikekar Centre hopes to continue the research and knowledge dissemination work it has done so far, and augment it in other ways in the coming years.

6.8 The Gulestan and Rustom Billimoria Youth Seminar:

During the year, the Endowment Lectures Committee organized the 21st edition of the Gulestan and Rustom Billimoria Youth Seminar. The details are given below:

Date	Topic	Speaker
5th August 2023	Wellbeing among the Youth: Relationships and Self-Preservation	Moderator and Speaker: Dr Aparna Joshi <i>Assistant Professor</i>

Crux of the seminar: Being happy in any relationship is important for human development. Providing confidence and security in the formative years is imperative for the development of a healthy society where young people form relationships based on respect and consent. The instinct for self-preservation, though considered innate, is most often cultivated. Postponing the instinct for immediate gratification, respecting contrary views and acceptance of rejection are some of the attitudes that need to be inculcated in childhood. If physical, emotional, social and spiritual wellbeing is not nurtured among the youth, it leads to conflict which then escalates into violence, harming both the aggressor and the victim.

Prof. Usha R Vijailakshmi was the Convener of the seminar. It was Moderated by Dr Aparna Joshi, Assistant Professor, School of Human Ecology, (TISS). In all a total of 75 students from 16 colleges attended the seminar. The session was very lively and the question answer session went on for over 2 hours. The participants gave a positive review about the seminar and requested that such programmes be held every year. The committee organised a working lunch for the students which was also much appreciated. The seminar concluded with certificates being given to the participants.

18. FINANCES

The Asiatic Society of Mumbai was established on 26th November 1804, by Sir James Mackintosh for the promotion of higher education and research. The Society has been partly funded by the Government of India, Ministry of Culture, Government of Maharashtra, Department of Higher and Technical Education, and Municipal Corporation of Greater Mumbai. The Society's own sources of income are interest

and dividends from Corpus and Reserve Fund investments, general donations, earmarked donations, membership subscriptions, fines on books and periodicals, income from miscellaneous items like sale of publications, journals, souvenirs, etc. However, the financial position of the Society is quite precarious due to limited sources of income, decline in interest rates, and increasing recurring expenditure.

The Society has approached Government of India, Ministry of Culture for a one-time Corpus Grant of Rs.30 Crore (out of which we have received Rs.5 Crore) and Government of Maharashtra, Department of Higher and Technical Education for a one-time Corpus grant of Rs.20 Crore, as recommended by the Review Committee, appointed by the Ministry of Culture, Government of India. However, a positive response is awaited.

During the year, the Society succeeded in getting sanctioned an annual recurring grant of Rs.1 Crore from Government of Maharashtra, Department of Higher and Technical Education which was received on 5th January 2024.

The Society has also requested both the Central and the State Government to increase its Grant by Rs.1 Crore to run the Society efficiently.

The BMC has also been requested to enhance its maintenance Grant to Rs.2 Crore.

The Review Committee appointed by the Ministry of Culture, Government of India, has noted the historic significance of the Society and stated that the Asiatic Society of Mumbai deserves to be designated as an "Institutional of National Importance", while ensuring its autonomy over planning and financing of expenditure and management. The Society is following up this issue with the Ministry of Culture.

The Society is intensifying its efforts for donations from philanthropists, corporate houses, endowments, CSR funds, etc. for overall maintenance and development of the Society.

19. ACKNOWLEDGEMENTS
